

Certificate of Reservation of Gas Easement

The spaces outlined by dashed lines and marked "Gas Easement" are hereby reserved as easements for underground gas lines and appurtenances thereof, including the right to construct, operate, maintain, repair, and remove such underground gas lines and appurtenances, and the right of ingress and egress over all lots to and from the easements and the right to cut down any trees within the easement that may interfere with the installation or operation of the lines. No permanent structure shall be erected within the easement. Any gas utility using said easement may remove any permanent structure or obstruction within the easement. Fences, shrubbery, and gardens may occupy easement areas at the property owner's sole risk.

- (1) All property owners' gas utility supply lines shall be at locations designated by Louisville Gas and Electric Company (from LG&E's termination point throughout length of service and house lines and through customer's buildings); and title thereto shall remain in, and the cost of installation and maintenance thereof shall be borne individually by the owner of the lot upon which the said gas line serves.

Easements are hereby dedicated and reserved to each property owner, together with the right of ingress and egress over abutting lots or properties as may be necessary to install, operate and maintain gas lines to LG&E's termination points. Gas lines, as installed, shall determine the exact location of said easements.
